

Banbridge Borough Council

Section 75 Statistics

Notes:

The enclosed statistics were prepared in January 2011 as part of the research work into the development of 'Revised Equality Schemes' for the local government sector in Northern Ireland.

Official statistic sources are used in the main apart from those relating to Political Opinion. In this report Banbridge Borough Council statistics are compared against the Northern Ireland average where possible.

Some statistics may seem dated but this is due to the fact that these are the most up to date available. Banbridge Borough Council should also compare these statistics against any data they may have commissioned so as to develop as full an understanding of the key statistics impacting upon the Section 75 Categories.
