

North Down Borough Council

Section 75 Statistics

Notes:

The enclosed statistics were prepared in January 2011 as part of the research work into the development of 'Revised Equality Schemes' for the local government sector in Northern Ireland.

Official statistic sources are used in the main apart from those relating to Political Opinion. In this report North Down Borough Council statistics are compared against the Northern Ireland average where possible.

Some statistics may seem dated but this is due to the fact that these are the most up to date available. North Down Borough Council should also compare these statistics against any data they may have commissioned so as to develop as full an understanding of the key statistics impacting upon the Section 75 Categories.

*Three of the four candidates who had stood under the label "Action '93" in 1993, and both the candidates who ran for the "Holywood Swimming Pool Campaign" in 1993, were also independent candidates in 1997. A change in legislation in 2001 made it impossible for candidates to call themselves "Independent Unionists" so the Independent category swells still further. However on the North Down Council web-site Alan Chambers describes himself as an Independent Unionist and Brian Wilson describes himself as a Community Candidate.
